Bersa® Thunder® 9 PRO

– Non-blowback

Originally developed by BERSA®, as a military/law-enforcement sidearm, the Thunder® PRO HC was built to perform under adverse conditions and provide decisive stopping power. This is a semi-automatic 4.5 mm (.177) airgun version fully licensed by BERSA®. It is powered by a 12g CO₂ cartridge stored in the grip using the easy-load system and the BB's are put in a removable stick magazine.

The Thunder® 9 PRO is a lightweight, full-sized handgun, with an ergonomic design. An integrated picatinny rail allows for mounting of lasers or tactical lights. The grip and slide carries authentic BERSA® markings and every gun comes with unique serial number.

- ACCESSORY RAIL
- BARREL THREADED FOR SILENCER
- COMFORTABLE GRIP
- NON-BLOWBACK
- 3-DOT SIGHTS SYSTEM
